PROFESSIONAL SUMMARY

Senior Frontend Engineer | React Specialist with 8+ years of specialized expertise developing scalable, high-performance React applications across enterprise platforms. Proven track record of delivering measurable results: **27% user traffic increase**, **40% compilation time reduction**, and **LCP improvements from 4.5s to 1.2s**. Deep expertise in React.js, Redux, modern JavaScript, responsive design, and build optimization with npm, Webpack, and Vite. Experienced in delivering cross-browser compatible interfaces serving millions of users across real estate, gaming, and travel industries.

TECHNICAL SKILLS

React Ecosystem & State Management: React.js (8+ years), Redux.js, Redux Toolkit, React Native, Next.js, Context API, TypeScript

Core Web Technologies: HTML5, CSS3, JavaScript ES6+, Responsive Design, Cross-browser Compatibility

Styling & Design Systems: Tailwind CSS, SASS/SCSS, Styled Components, CSS-in-JS, Bootstrap, Component Libraries

Build Tools & Package Management: npm, Webpack (optimization specialist), Vite, Gulp.js, Build Performance Tuning

Testing & Documentation: Jest, Cypress, React Testing Library, Storybook

Performance Optimization: Core Web Vitals, Bundle Size Optimization, Code Splitting, Lazy Loading

Version Control & Collaboration: Git, GitHub, Bitbucket, CI/CD, Jira, Confluence, Figma

WORK EXPERIENCE

PropertyScout

Software Engineer

March 2023 - Present

Bangkok, Thailand

- Contributed to web application revamp achieving **27% user traffic increase (Q3)** through performance optimizations and enhanced user experiences across platform serving 500,000+ monthly users
- Developed reusable React component library using Tailwind CSS that **improved team development efficiency by 40%**, establishing design system consistency across multiple product lines
- Transformed Figma designs into production-ready React components, collaborating closely with UI/UX designers to deliver pixel-perfect, responsive interfaces
- Optimized build configurations using Vite and Webpack, improving hot module replacement performance and production build efficiency
- Ensured cross-browser compatibility across Chrome, Safari, Firefox, and Edge through rigorous testing protocols
- Technologies: React.js, TypeScript, Redux, Tailwind CSS, Vite, Webpack, npm*

AccelByte

Software Engineer

June 2022 - March 2023

Remote

- Developed React-based developer tools serving AAA game studios worldwide, enabling efficient game development workflows
- Contributed to developer experience standardization achieving **40% reduction in compilation time** through Webpack optimization, custom build configurations, and caching strategies
- Established component documentation and styling guidelines using Storybook, creating comprehensive patterns adopted across the engineering organization
- Initiated knowledge-sharing sessions and helped standardize code conventions across distributed engineering teams
- Implemented cross-browser compatible interfaces with thorough testing across major browsers and platforms
- Technologies: React.js, TypeScript, Webpack, Storybook, npm, Redux*

99.co

Frontend Engineer

July 2020 - July 2022

Bandung, Indonesia

- Achieved significant performance improvement, **reducing LCP from 4.5s to 1.2s** through Core Web Vitals optimization techniques, directly impacting SEO rankings and user engagement
- Built responsive React components for Indonesia's leading property platform, ensuring optimal cross-browser experiences for millions of users
- Maintained Core Web Vitals optimization across the platform, consistently achieving strong performance scores
- Enhanced site traffic through SEO improvements and schema validation implementation
- Awarded "Own It" (Quarterly Award Q2/21)** for exceptional product ownership and technical contribution
- Won 99 Group Hackathon - Best UI/UX Design** for innovative React interface solutions
- Technologies: React.js, Next.js, Redux, Webpack, HTML5, CSS3, Core Web Vitals*

Tiket.com

Frontend Engineer

August 2019 - July 2020

Jakarta, Indonesia

- Implemented Redux state management for complex application flows in travel booking platform handling thousands of concurrent users
- Maintained comprehensive component documentation with Storybook, enabling efficient team onboarding and UI consistency
- Conducted regular refactoring for code scalability and coordinated with product team for UX enhancements
- Implemented responsive design patterns with mobile-first architecture and thorough cross-browser testing
- *Technologies: React.js, TypeScript, Redux, Storybook, npm, HTML5, CSS3*

Mirum Agency

Frontend Developer

July 2018 - August 2019

Bandung, Indonesia

- Developed WordPress-based university platform (UPH) integrating custom React components for enhanced interactivity
- Created responsive, mobile-optimized layouts with cross-browser compatibility and accessibility compliance
- Built full-stack solutions encompassing both backend architecture and frontend implementation
- *Technologies: React.js, WordPress, JavaScript, HTML5, CSS3, Responsive Design*

KEY ACHIEVEMENTS

- **27% user traffic increase (Q3)** through web application performance optimization at PropertyScout
- **40% compilation time reduction** through build optimization and developer experience improvements at AccelByte
- **73% LCP improvement** (4.5s → 1.2s) through Core Web Vitals optimization at 99.co
- **40% team efficiency improvement** through reusable component library development at PropertyScout
- Contributed to platforms serving **165M+ users** (Dana) and **500,000+ monthly users** (PropertyScout)
- **Quarterly Award Q2/21** recipient for exceptional product ownership at 99.co
- **99 Group Hackathon - Best UI/UX Design** winner for innovative React interface solutions

EDUCATION

SMK Negeri 7 Bandung

Analytical Chemistry

2009 - 2011

CERTIFICATIONS

- Web Development HTML CSS & SEO Certification
- Certificate of completion - GDPR
- Certificate of completion - Anti Bribery & Corruption

PROFESSIONAL STRENGTHS

- **React.js Specialist:** 8+ years of production React development with deep ecosystem expertise
- **Redux State Management:** Extensive implementation across enterprise applications serving millions
- **Performance Optimization:** Proven track record delivering measurable Core Web Vitals and build time improvements
- **Cross-browser Compatibility:** Expert at ensuring consistent experiences across all major browsers and devices
- **Remote Collaboration:** Proven effectiveness working in distributed teams with clear communication
