Hiring Manager
Accenture Thailand
Bangkok, Thailand

Dear Hiring Manager,

I am writing to express my strong interest in the Front End Developer role at Accenture. With 8+ years of experience specializing in React and TypeScript, I am excited to contribute to Accenture's digital transformation initiatives.

Key Qualifications:
Your requirements align perfectly with my expertise:

- **Core Skills:** React, TypeScript, JavaScript ES6+, REST APIs, Git
- **Build Tools:** Expert in Webpack and Vite (reduced compilation time by 40% at AccelByte)
- **Testing:** Jest, React Testing Library, Cypress
- **Preferred Tech:** GraphQL, Material UI, Tailwind CSS, GitHub Actions, Docker, Figma

Recent Achievements:

- Increased user traffic by 27% through web application optimization at PropertyScout (Q3 2023)
- Improved Core Web Vitals, reducing LCP from 4.5s to 1.2s at 99.co
- Mentored 4 developers and established component libraries for improved team efficiency

I am drawn to Accenture's global leadership in technology innovation and commitment to inclusive practices. My experience building high-performance applications for diverse industries (real estate, gaming, travel) has prepared me to deliver solutions that meet varied client needs.

I would welcome the opportunity to discuss how my technical expertise and leadership experience can contribute to Accenture's continued success.

Thank you for your consideration.

Best regards,
Kenni Gandira Alamsyah
