Bangkok, Thailand (Open to relocation to Stuttgart, Germany)

Profile

Frontend Engineer with 8+ years of experience in JavaScript and TypeScript, specializing in React ecosystem and scalable web applications for real estate, gaming, and travel industries. Strong background in Agile/Scrum methodologies, code reviews, and pair programming. Contributed to solutions that helped increase user traffic by 27% and reduce compilation time by 40% through collaborative team efforts.

Core Competencies

- JavaScript/TypeScript (8+ years) • React, Next.js, Redux, Vue.js
- Agile/Scrum methodologies • Code reviews & pair programming
- Performance optimization & Core Web Vitals • Docker containerization experience
- RESTful APIs & GraphQL • Responsive design & accessibility

Work Experience

Software Engineer PropertyScout (Real Estate Platform), Thailand 2023 – Present

- Contributed to revamping web applications using **React** and **TypeScript**, helping achieve a **27% increase in user traffic** (Q3) through collaborative team development.
- Participated actively in **Agile/Scrum** environment with daily standups, sprint planning, and comprehensive code reviews.
- Helped update technology stacks for optimal performance and security in modern containerized environments.
- Contributed to improving internal tools for enhanced operational productivity through collaborative development and **pair programming** sessions.

Software Engineer AccelByte (Gaming Developer Tools), Remote 2022 – 2023

- Participated in developing tools for AAA game developers using **React** and **TypeScript** in collaborative team environment.
- Contributed to standardizing developer experience, helping achieve **40% reduction in compilation time** through build optimization and team collaboration.
- Helped establish component styling and documentation using **Storybook** for collaborative development across the team.
- Participated in knowledge-sharing sessions and code convention standardization in **Agile** team environment.

Frontend Engineer 99.co (Real Estate Platform), Bandung, Indonesia 2020 – 2022

- Contributed to site performance improvements, helping reduce **LCP from 4.5s to 1.2s** through Core Web Vitals optimization and team collaboration.
- Helped enhance site traffic through SEO improvements and schema validation using modern JavaScript frameworks.
- Received "Own It" award for product ownership and collaborative development approach in team environment.
- Contributed to maintaining Core Web Vitals optimization and performance monitoring in **Agile methodology** with regular sprint cycles.

Frontend Engineer Tiket.com (Travel & Hospitality), Jakarta, Indonesia 2019 – 2020

- Participated in implementing features using **React**, **TypeScript**, and **Redux** in collaborative team environment.
- Helped maintain component documentation with **Storybook** for team consistency and collaborative development.
- Contributed to regular refactoring for code scalability and maintainability through **code reviews** and **pair programming**.
- Collaborated with product team for UX enhancements in **Agile** development cycles.

Frontend Developer Mirum Agency (now VML), Bandung, Indonesia 2018 – 2019

- Participated in developing WordPress-based university platform (UPH) with modern JavaScript frameworks and collaborative development practices.
- Contributed to creating customizable solutions for complex requirements using team collaboration and agile methodologies.

Web Developer   Hazani Rangka Utama (Hartama),   2017 – 2018
                                      Bandung, Indonesia
  – Contributed to developing three WordPress themes for ThemeForest marketplace with focus on user experience and accessibility.
  – Participated in W3C validation and accessibility compliance standards in collaborative team environment.

Front End Developer   PT NTCI, Yogyakarta, Indonesia   2016 – 2017
  – Started career as software engineer building foundational skills in JavaScript and React development.
  – Contributed to building multiple projects including e-learning and ticket booking applications with team collaboration.
  – Participated in interviewing and recruiting frontend developers, gaining collaborative leadership experience.

TECHNICAL SKILLS

Frontend Technologies: JavaScript (ES6+), TypeScript, HTML5, CSS3, React.js, Next.js, Vue.js, Redux.js
Styling & Design: CSS3, Tailwind CSS, SASS/SCSS, Styled Components, CSS-in-JS, Bootstrap, Responsive Design
Testing & Documentation: Jest, Cypress, React Testing Library, Storybook
Backend & APIs: Node.js, NestJS, Express.js, GraphQL, RESTful services, CodeIgniter
Development Practices: Agile/Scrum, Code reviews, Pair programming, Git workflows
Build Tools & DevOps: Webpack, Gulp.js, npm, Vite, Docker (containerized environments)
Performance & SEO: Core Web Vitals optimization, SEO implementation
Additional: WordPress, Strapi.js, OctoberCMS, Figma, Jira, Confluence

KEY ACHIEVEMENTS

- Contributed to solutions that helped achieve **27% increase in user traffic** (Q3) through web application revamp at PropertyScout

- Participated in team efforts that resulted in **40% reduction in compilation time** through developer experience improvements at AccelByte

- Contributed to **LCP improvement from 4.5s to 1.2s** through Core Web Vitals optimization at 99.co

- **Quarterly Award Q2/21** recipient and **99 Group Hackathon - Best UI/UX Design** winner

- **International Experience:** Successfully collaborated across Thailand, Indonesia with remote and multinational teams

EDUCATION

SMK Negeri 7 Bandung (High School)   Analytical Chemistry   2009 – 2011

CERTIFICATIONS

- Certificate of completion - GDPR • Anti Bribery & Corruption • Anti-Harassment and Discrimination

- Web Development HTML CSS & SEO Certification • Anti-Money Laundering

LANGUAGES

- **English:** Professional working proficiency • **Bahasa Indonesia:** Native • **Sundanese:** Native

- **German:** Basic (Currently learning - motivated to improve for Stuttgart role)
